Cloud

An ideal solution

Use Efalia ECM Cloud for all your off premise document management needs.
The Efalia ECM installation is fully featured and allows the user to benefit from all the modules including Full Text OCR and BusinessProcess-Management*.
Efalia ECM Cloud solution making budgeting for your system costs straight forward, simple and without any overhead for the purchase and maintenance of a server and the associated.

Security

Efalia ECM Cloud is hosted on a Microsoft Azure data centre nearest to you.
An important part of Microsoft's security capabilities include their response processes. The Security Incident Management (SIM) team responds to potential security issues when they occur, operating around the clock. The SIM processes are aligned with:

ISO/IEC 18044 and NIST SP 800-61

Features

Licences are concurrent or named licences. The minimum purchase is one scan license. This is required to enjoy/use the full features of the Efalia ECM Cloud Client Software, which includes the scan functionality, of course.
Each installation comes with 10 GB of document storage included. Additional document storage can be purchased in 10 GB units.
Each installation will have their own digital cabinet. This cabinet provides the base for an individual structure to map your individual business structure and document routing.
As of a minimum of 5 licences per customer, an individual internal domain can be configured.
Zonal OCR and BusinessProcessManagement, will be available*.

Certificates and Attestations

Microsoft Azure data center meets:

- ISO/IEC 27001:2013 certification
- SSAE 16/ISAE 3402 SOC 1
- AT101 SOC 2 and 3
- PCI DSS certification
- FedRAMP P-ATO, FISMA certification and accreditation
- And more...

* However the setup and consultancy costs for Efalia ECM Cloud BusinessProcessManagement and OCR templates are not covered in the monthly fee.
