

efalia ecm

SAP

Simply More

Efalia ECM in combination with the proven ArchiveLink interface is the Content Repository that offers more. it provides with a single process a wider accessibility of important information.
Efalia ECM ArchiveLink in the background ensures not only a secure and reliable Content Repository for/of your SAP system, but an additionally with Efalia ECM a secure and user-friendly way to improve business processes within your company.
The information of SAP Business Documents, linked to a SAP Document Info Record and stored in a Efalia ECM Content Repository can be made accessible to your staff, without additional effort or storage space.
All this is automatically acheived by routines running in the background.

> **Document Info Record**

The Content Repository That Offers More

Now Efalia ECM ArchiveLink not only offers access to the documents through the SAP Business Object or through the search of the SAP Document Management System, but also access for authorised users of your Efalia ECM system, simultaneously and without additional processes or copies.
